To:

Fundacja Film Spring Open
ul. Wazów 12
01-986 Warszawa

The interdisciplinary Film Spring Workshop gathers an international filmmakers' environment every year. Our company supports the Workshops by providing 3D animation software, MAXON Cinema 4D.

We are glad that this important branch of the film industry is represented at Film Spring Workshop and young people can work on the best equipment and software.

We declare a further willingness to cooperate.

Sincerely,

Dariusz Skiba
Managing Director
