Object: our participation to FSO

Dear Sir,

Angénieux has been supporting Film Spring Open Foundation since 2013 and this year again we would like to continue our cooperation as Technology Partner of the Film Spring Workshop.

Our past experience in providing cinema zoom lenses to your workshop to support the participants in making their projects and interacting with them confirms our belief that FSO interdisciplinary professional training is a key for emerging film makers and contributes in shaping the future of the industry.

We will gladly put at disposal of this year's edition some of our latest zoom lenses.

Best regards,

Séverine Serrano
