Letter of Confirmation

To whom it may concern,

We herewith express our interest in cooperating with the Film Spring Open Foundation (FSOF) on the Cinebus project, which was developed by the FSOF as a tool for a new model of film production. This cooperation could be based on a hardware support (cameras and accessories) for the Cinebus which would be supplied for pre-planned events in accordance with specified rules to be established in further future agreements.

We are also interested in cooperating with the Film Spring Open Foundation with respect to the development of Film Spring Open workshops.

The propositions stated herein are considered nonbinding and are subject to further negotiations, adjustments and modifications.

Arnold & Richter Cine Technik GmbH & co. Betriebs KG

Stephan Schenk
Managing Director
